Guided visit: “Villages in the Comtat Venaissin”

Visit a production workshop (*decoy workshop, nougats, cherry and Muscat wine*)

Leave Carpentras for the village of Le Barroux, perched atop a rocky outcrop, affording magnificent views between majestic Mont Ventoux and the lush plains of the Comtat Venaissin. Then leave for the Dentelles de Montmirail, finely chiseled cliffs with jagged peaks, like stone lacework. This rocky mountain range contrasts with the peaceful villages nestled in the hillsides, such as La Roque Alric, Lafare, full of wine-producing estates. Beaumes-de-Venise, for its famous Muscat wine, Beaumont du Ventoux, which makes lovely *vin de paille*, and other ACO Cotes du Ventoux wines.

Learn about the history of olive oil and visit the Balméenne olive oil mill, which combines traditional and modern methods.

Make a detour into the flanks of Mont Ventoux to visit an unusual llama-raising farm. Learn about the llama and alpaga wool and visit the weaving workshop.

Any remaining time ... many other amazements await you.

Venasque, ranked as one of the most beautiful villages in France ... Methamis overlooks the fields and plains ... Le Beaucet, home to the mysterious Saint Gens springs deep in the valley ... Saint Didier, with its ecomuseum on decoys for birds and other animals, its nougat production. Malemort du Comtat, family farms growing olives, cherries, AOC Muscat grapes, with a discovery trail and games ... prior to tasting the products .
